## **Enrolment Requirements**

Your dog must have had all their vaccinations including kennel cough and be desexed at around 6 months of age to attend K9 to 5 Doggie Daycare.

### **Trial Day**

We do a trial day on a day which suits you. On this day we assess your dog to ensure they are a good fit with the doggie daycare environment.

Dogs must be brought in on a lead. Please wait until reception area is clear before entering to ensure all dogs have space. Even the best dogs in the world will sometimes react when meeting in a confined space.

We like you to be available on trial day if needed, to pick up your dog however, most dogs are absolutely fine and love doggie daycare. The charge trial day is \$25.

You can either download an application form off the website and bring it with you or, we can give you one to fill in on trial day. You will also need to bring your vet book with you for us to take a copy for our records.

### **Return Visits**

After the trial day, you can either book your dog in for regular days if you know your routine or, let us know via text or phone call when you want to bring your dog in. Notice is appreciated however we also understand that things pop up now and then. We check the phone first thing every morning when we come in at 6.30am and will reply to let you know if there is an available space that day.

We will always keep you informed as to how your dog is doing at doggie daycare and will discuss any concerns you as the owner may have or us, as your dog's carers may have.

Drop off is between 6.30 and 10am and pick up is between 3 and 6.30pm unless by prior arrangement.

Check out our price listings on our website to see which payments will suit you. You can pay at reception or via internet banking.
